

# Geriatric Orthopaedic Fracture Conference

  
**MEDICAL SCHOOL**  
UNIVERSITY OF MINNESOTA  
**Driven to Discover®**

**Friday, May 21, 2021**

**The Saint Paul Hotel, St. Paul, MN**

Providing the best surgical, medical and rehabilitative care for our elder fracture patients is a challenge and an opportunity. Attend the 2021 Geriatric Orthopaedic Fracture Conference and learn novel and evidence-based strategies for meeting these challenges. The conference, in its ninth year, will provide up-to-date information and tools for effective collaboration among providers whose elder patients have sustained a fracture. Fracture prevention, osteoporosis evaluation and treatment, and rehabilitation issues will be addressed. The conference format will be interactive and will include large and small group sessions as well as a patient panel and a multimedia presentation of recommendations and tips from geriatric orthopedic specialists from around the world!

## **Keynote Address**

**Pierre Guy, MD, MBA, FRCSC**

Dr. Pierre Guy is Associate Professor and clinician-scientist at University of British Columbia Department of Orthopaedics and of the Division of Orthopedic Trauma. He is the Co-Director of UBC's Centre for Hip Health and Mobility. Dr. Guy's research is focused on hip fracture prevention, treatment and post injury function and pelvis /acetabulum fractures.
