Day 1: Thursday, June 9

7:00 – 8:00am  Registration and Continental Breakfast

8:00 – 8:10  Welcome ............................................................................... Chairman of Surgery: David Rothenberger, MD
Course Directors: Martin Freeman, MD and Greg Beilman, MD

Topics in Acute Pancreatitis .................................................................................................................. Moderator: Jeffrey Chipman, MD

8:10 – 8:30  Early Diagnosis and Treatment of Acute Pancreatitis ........................... Ashley Dennison, MBChB, MD, FRCS
8:30 – 8:50  Imaging in Acute Pancreatitis ................................................................. Tina Sanghvi, MD
8:50 – 9:10  Critical Care of Severe Acute Pancreatitis ............................................ Kaysie Banton, MD
9:10 – 9:30  Endoscopic Interventions in Early Acute Pancreatitis ........................... Martin Freeman, MD
9:30 – 9:45  Panel Discussion .................................................................................... Moderator: Jeffrey Chipman, MD
Panel: Ashley Dennison, Tina Sanghvi, Kaysie Banton, Martin Freeman

9:45 – 10:05  Break

10:05 – 10:25  Minimally Invasive Approaches to Complicated Acute Pancreatitis -  
Multidisciplinary Approach .................................................................................................. Stuart Amateau, MD, PhD
10:25 – 10:45  Nutritional Support in Severe Acute Pancreatitis ................................. Julie Ottosen, MD
10:45 – 11:05  Surgery for Acute Pancreatitis: Is there still a role? ............................ Ashley Dennison, MBChB, MD, FRCS
11:05 – 11:25  Multimodality Care of Patients with Disconnected Duct Syndrome ........ Rajeev Attam, MD
11:25 – 11:40  Panel Discussion .................................................................................... Moderator: Jeffrey Chipman, MD
Panel: Stuart Amateau, Julie Ottosen, Ashley Dennison, Rajeev Attam

11:40 – 12:30  Lunch: Videos on Acute Pancreatitis Treatment

12:30 – 1:20  E. Starr Judd Lecture: Multicenter Randomized Trials in Pancreatic Surgery ........ Marc Besselink, MD, PhD
Introduction by Greg Beilman, MD

Future Trends: Translational Research, Premalignant Processes and the Pancreas .......................... Moderator: Ashok Saluja, PhD
1:20 – 1:40  Molecular Pathophysiology of Acute Pancreatitis ........................................ Ashok Saluja, PhD
1:40 – 2:20  Pancreatitis vs Pancreas Cancer: Targets for Early Detection and Treatment ........ Markus Lerch, MD
2:20 – 2:40  Opiates and Effects on Inflammation in Pancreatitis ....................................... Sabita Roy, PhD
2:40 – 2:55  Break

2:55 – 3:15  Laparoscopic vs Open Approaches to Surgery of the Pancreas ..................... Eric Jensen, MD
3:15 – 3:35  IPMN and Cystic Neoplasm Classification ..................................................... J. Shawn Mallery, MD
3:35 – 3:55  IPMN – When to Operate ............................................................................. Eric Jensen, MD
3:55 – 4:20  Panel Discussion ................................................................................................. Moderator: Ashok Saluja, PhD
Panel: Markus Lerch, Sabita Roy, Eric Jensen, J. Shawn Mallery

4:20 – 5:00  Case Studies in IPMN and Acute Pancreatitis (Controversies in Management)  
Moderator, Greg Beilman, MD
Panel: Marc Besselink, Ashley Dennison, Rajeev Attam, J. Shawn Mallery

Evening Program
Owen H. Wangensteen Research Lecture and Dinner

5:30 – 6:30  Cocktail Hour
6:30  Dinner
7:00  Welcome ................................................................................................................... Chairman of Surgery: David Rothenberger, MD
Introduction ................................................................................................................................. Ashok Saluja, PhD
Causes and Mechanisms of Pancreatitis .................................................................................... Markus Lerch, MD, FRCP

7:45  Adjourn

Curriculum and faculty are subject to change.
Day 2: Friday, June 10

7:30 – 8:00  Continental Breakfast

8:00 – 8:10  Announcements ................................................................. Greg Beilman, MD

**Chronic Pancreatitis** ........................................................................ Moderator: Melena Bellin, MD, MS
8:10 – 8:30  Pancreaticogenic Diabetes – Pathophysiology and Management .................. Melena Bellin, MD, MS
8:30 – 8:50  Chronic Pancreatitis: How to make the diagnosis ............................... Darwin Conwell, MD, MS
8:50 – 9:10  Autoimmune Pancreatitis – Indications, Diagnosis, Treatments and Complications .......... Suresh Chari, MD
9:10 – 9:30  Recurrent Acute Pancreatitis – Pathophysiology and Definitions ............... Darwin Conwell, MD, MS

9:30 – 9:50  Break

9:50 – 10:10 Diabetes and Pancreas Cancer: Implications for Early Diagnosis .................. Suresh Chari, MD
10:10 – 10:30 Endoscopic and Medical Therapies for Chronic Pancreatitis ......................... Martin Freeman, MD
10:50 – 11:25 Panel Discussion .................................................................. Moderator: Melena Bellin, MD, MS
                        Panel: Darwin Conwell, Suresh Chari, Martin Freeman, Marc Besselink

11:25 – 12:15  **Robert Goodale Lecture** - Pancreas Cancer: Are We There Yet? ............... Ashok Saluja, PhD
                      Introduction by Martin Freeman, MD

12:15 – 1:15  Lunch: Videos on Chronic Pancreatitis

**Total Pancreatectomy and Islet Auto Transplant (TPIAT)** ............................................. Moderator: Greg Beilman, MD
1:15 – 1:35  History of Islet Auto Transplantation ............................................... David Sutherland, MD, PhD
1:35 – 1:55  Imaging in Chronic Pancreatitis ......................................................... Ben Spilseth, MD
1:55 – 2:15  Chronic Pancreatitis Pain: A Complex Pain Disorder .............................. Ranjit Kesha, MD
2:15 – 2:35  Optimizing Diabetes Outcomes after TPIAT .............................................. Melena Bellin, MD, MS
2:35 – 2:50  Panel Discussion ............................................................................. Moderator: Greg Beilman, MD
                        Panel: David Sutherland, Ben Spilseth, Ranjit Kesha, Melena Bellin

2:50 – 3:10  Break

3:10 – 3:30  It’s all about the Islets – Maximizing Yield, Lessons Learned ........................ Josh Wilhelm, MS
3:30 – 3:50  Kids with Chronic Pancreatitis – When to Consider TPIAT ......................... Srinath Chinnakotla, MD
3:50 – 4:10  Laparoscopic vs Open Surgery for TPIAT .................................................. Ty Dunn, MD, MS
4:10 – 4:25  Panel Discussion .............................................................................. Moderator: Greg Beilman, MD
                        Panel: Josh Wilhelm, Srinath Chinnakotla, Ty Dunn

4:25 – 5:00  Case Studies in Chronic Pancreatitis ......................................................... Moderator: Greg Beilman, MD
                        Panel: Ashley Dennison, Marc Besselink, Suresh Chari, Martin Freeman

5:00  **Evaluations & Adjourn**

*Curriculum and faculty are subject to change.*
